Establishment History Panel (BHP)

10. September 2021

The Establishment History Panel (BHP) contains aggregated establishment data and is made up of cross-section datasets for West Germany (beginning in 1975) and for East Germany (beginning in 1992), which can be combined to form one panel. There are data for 640,000 to 1.5 million establishments per year, respectively.
